

ANNUAL REPORT

Education is an opportunity to open children's hearts and minds to the unbelievable wonders of the universe. A time to pause, reflect and regenerate. I wish to begin with our spectacular performance on the academic front. As educators, achieving academic excellence is the hallmark of any reputed institution.

A good thought refreshes the mind and is the best way to start a day. In our kindergarten, we create an atmosphere in which every child learns, grows and is valued. We aim at the wholeness of our children and for this, we start our day with the morning assembly which is power packed with Prayer song, Bible reading, Prayer, Thought for the day, News reading and birthday celebrations.

We are proud of the commendable performances of our students in various competitive exams. Most of our students participated and got cash awards for DCL, ACE and Agaram competitions.

Education is a continuous process and can never be limited to the four walls of the class room. In today's world, it is imperative that the students are trained not just in academics; they also need to be prepared to live their life to fullest as successful individuals who

adhere to the values and moral codes of the society. Our kindergarten students have various extracurricular activities like Music, Dance, Yoga, Art and Craft, Gardening etc.

Onam was celebrated with great enthusiasm and joy. The various programmes brought in onam with all its colours. Sports day was a fun filled celebration for all tiny tots.

The journey of the lifetime commences with the turning of a page. The most spectacular and exiting event of our school is ENCHANT 2020. We celebrated our kids day and graduation day on 3.03.2020 with various colourful programmes of our kindergartens. We had Dr. Isac Shobana Raj, Assistant Professor, Nesamony Memorial Christian college, Marthandam as our chief guest and Mr. Rajendra Babu, Co-ordinator, St. Paul's IAS Academy, Kanyakumari as guest of honour. They gave an enlightening talk to our kids to develop their skills in all fields. Our kids performed on stage without fear with their speech, storytelling, action songs, fancy dress, light music etc.. during their cultural fest.

Let us for see a world of universal singularity where our children are going to be propellant of this change and the world shall be a beautiful place to live in.
